

**A.C. Condensers**

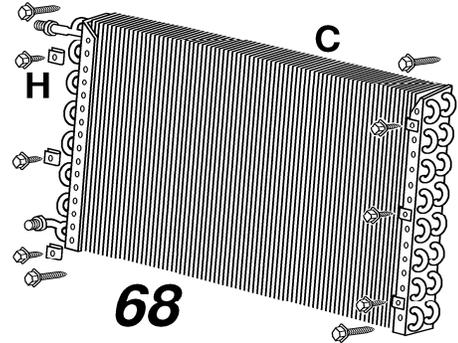

Condensers mount in front of the radiator and change the refrigerant vapors to a liquid by the removal of heat. All ship as UPS Oversize rate.

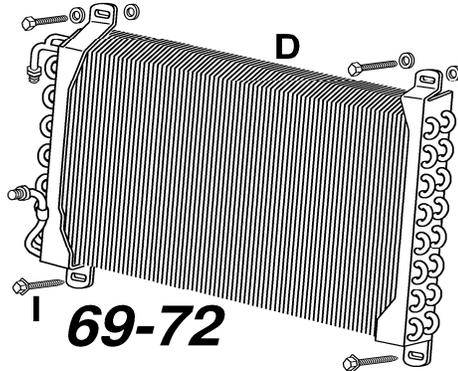

**63-65**

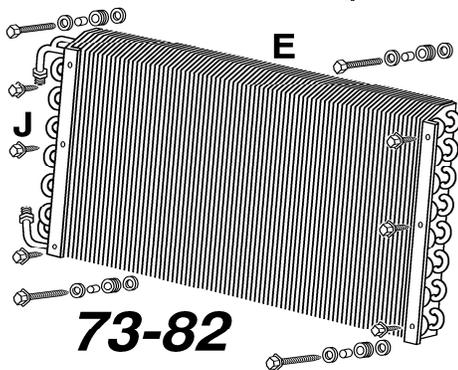

**66-67**

**68**

**69-72**

**73-82**

These AC condensers are made of from tubing with fragile Aluminum cooling fins. To ensure their safe delivery, we "skin pack" them with a thick plastic onto a heavy cardboard sheet. If this skin pack is removed, they are not returnable. Unpack carefully and do not pickup condensers by the fittings. To prevent straining the fittings, remove the plastic covering by cutting it away. Do not remove the tape covering the ends of the fittings until the condenser is ready to be installed. This will prevent contamination of the core. Blow clean dry air through the core just prior to installation. Always use new special AC O-rings & lubricate with AC refrigerant oil.

**Compare Your Condenser with those Illustrated in the Left Column. All are UPS O/S**

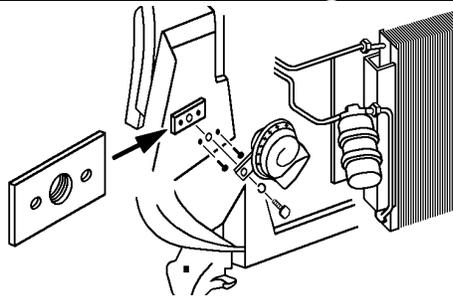

<b>A</b> 63-65 A.C. Condenser Replacement	9218205	319.95
<b>B</b> 66-67 A.C. Condenser Replacement	9218206	319.95

**Condenser Mounting Kits**

Mounts the condenser to the radiator support and to the mountings brackets as required.

<b>F</b> 63-65 Condenser <b>6 Piece</b> Mounting Kit		
Includes indented hex washer head bolts with starter points. <b>Does 1 car.</b>	9218210	3.45
<b>G</b> 66-67 Condenser <b>4 Piece</b> Mounting KIT		
Includes indented hex washer head bolts with starter points. <b>Does 1 car.</b>	9218212	3.00
<b>H</b> 68 Condenser <b>16 Piece</b> Mounting Kit		
Includes 6 indented hex washer head tapping screws with 6 U-nuts to mount the condenser to the mounting brackets & 4 indented hex washer head tapping screws with starter points to mount to the brackets the radiator support. <b>Does 1 car.</b>	9218214	5.70
<b>I</b> 69-72 Condenser <b>8 Piece</b> Mounting Kit		
Includes 2 indented hex head bolts & 3 SAE flat washers to mount the upper brackets to the support and 2 indented hex washer head tapping screws with starter points to mount the lower brackets to the radiator support. <b>Does 1 car.</b>	9218216	4.45
<b>J</b> 73-82 Condenser <b>14 Piece</b> Mounting Kit		
Includes 6 indented hex washer head tapping screws to mount the condenser to the mounting brackets, plus 2 indented hex head bolts to mount the upper brackets to the support & 2 indented hex washer head tapping screws with starter points to mount the lower brackets to the radiator support. Also includes 8 SAE flat washers. <b>Does 1 car.</b>	9218218	5.50
<b>73-82 Condenser Rubber Cushion with Spacer</b> 4 reqd. These mounts cushion the 4 corners of the condensor to prevent excessive vibration. <b>NOS</b>	9218247	4.50

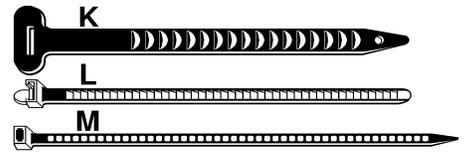

**66-67 Horn Mounting Plate**

66-67 Horn Mounting Plate on the Fender Skirt  
Displaced by the condenser & receiver drier, the horns mount to the front inner fender skirt with these plates Complete with bolt, lock washer & 2 OEM Aluminum rivets. **2 reqd.** 9218158 **12.50 Ea**

**A.C. Tie Straps**

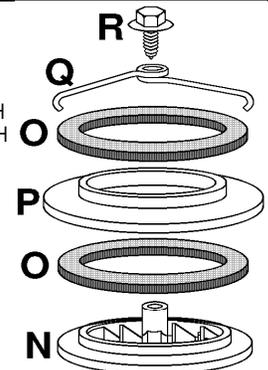

Designs are Not Generic Replacements.

<b>K</b> 63-67 and 69-70 T Style Tie Strap		
63-67 Use 1 on dash control cables; 69-70 Use 1 on vacuum control hoses	2259212	3.00
<b>L</b> 74-75 Adjustable Tie Strap		
use 1 on vacuum control hoses & 1 on AC compressor wiring.	2259218	2.75
<b>M</b> 76-82 Ladder Style Tie Strap		
use 1 on vacuum control hoses.	2259220	2.75

**68-77 Lower Dash Deflectors**

<b>N</b> Deflector Vent		
2 reqd.		
8844152	10.50	
<b>O</b> Felt Seal <b>2 Pieces</b>		
68-73 use 1 pr on LH		
68-77 use 1 pr on RH	8846428	3.50
<b>P</b> Vent Adapter
